PRICE LIST 1947

Gates Nursery

Rapid City, South Dakota

*Hardy Plants From The
Black Hills*

A View In Our Nursery

It's Not a Home Until It's Planted

Member

American Association of Nurserymen

TO FRIENDS AND CUSTOMERS

We wish to present you with this, our 1947 Price List. You will not find much change in prices from last year, in spite of increased cost in growing, selling and marketing. However we cannot say that we have plenty of everything. Some items in Nursery stock, like most everything else nowadays is quite scarce. This has been mainly due to the lack of help during the war period. The production of nursery stock is a little different from ordinary farming or other business. It takes several years in most instances to produce the finished product, ready for market.

It has been our policy the past few years to print a price list as simple and brief as possible. To do this we have made the description of the different varieties as brief as possible, and have combined several varieties under one price head. For example: the different sizes of American Elm, Chinese Elm, and Green Ash are all quoted at the same price. If our descriptions are not comprehensive enough, please write in and we will be glad to give you a more detailed description. When it comes to varieties of fruit, many of our customers leave the selection to us. Tell us about what you want and we will do the best we can to get the right varieties to you, that will suit your needs.

We appreciate very much the fine business that you people gave us last year and we expect a much larger business again this year. There will be many new customers due to the large number of new homes, that will be ready for some nursery stock this spring. Also the ground is in excellent condition, due to the large amount of moisture last fall. We hope to be able to take care of all orders promptly. There may be some delay where stock is requested to be planted, as shipping and delivery orders come first.

E. A. GATES

FOR YOUR INFORMATION

All nursery stock shipped or delivered free of charge, if within a radius of 100 miles of Rapid City. If stock is shipped or delivered over 100 miles, express or freight rates will be charged except where cash is paid in advance. Freight or express is charged on balled and burlapped stock, where shipped over 100 miles.

Nursery stock that fails to grow will be replaced at one-half price. No replacement will be made unless notified within one year after planting. Stock must have been watered and had good care. No guarantee on lawn or grass seed jobs.

PLANTING CHARGES: 35% cost of trees or shrubs, 25% cost of evergreens, and 10c each, for small hedge plants.

If you are interested in some landscape work or want suggestions on arrangement, call or write to Gates Nursery, Rapid City, S. D. Phone 24-R2. We will gladly cooperate to help you in any way that we can. This service is all free.
